**FOREST IMPROVEMENT CONTEST FOR ADULTS**  
A WONDERFUL IDEA

In Mississippi, where forestry is a \$3 1/2 million annual business, it behooves us to take advantage of every opportunity to promote better management of our woodlands.

For aught on the part of the Sears-Roebuck Foundation and the Mississippi Forestry Association led to the establishment, in 1955, of a forest improvement contest for adults. It was then, and still is, the only contest of its type in the state.

In promoting the contest, the MFA, an organization of individuals and companies interested in better forestry, co-operates with the state and federal agencies whose work touches on forestry. Applications and on the ground advice are available to contestants from personnel of these agencies.

By carrying out forest practices on five-acre contest plots, adult timberland owners and operators are able to prove to themselves and their neighbors that good forestry means more money in their pockets.

John Squires, an industrial forester of Jackson, and chairman of the contest since its inception, says that more than 1000 contestants have participated. These timberland owners, and others like them, hold 70% of all the timberland in Mississippi. It is good to know that these landowners are taking steps to improve their woodlands, thus providing for a higher rate of production and improved quality of timber.

This adult forestry contest, and other programs of its kind, will have an important bearing on the future development of Mississippi's timber resources.

**HOW TO RAISE A JUVENILE DELINQUENT**  
By JIM BILL MCINTYRE, Nashville, Tennessee

- Presented to the parents of juveniles by the Marion, Ala., Police Department; the Mayor; and the Town Councilmen.
1. Begin with infancy to give the child everything he wants. In this way he will grow up believing the world owes him a living.
  2. When he picks up "bad words" or "dirty" words, laugh at him. That will make him think he is "cute." He will run off and pick up some other word that will blow the top off your head.
  3. Never give him any spiritual training until he is 21 and then let him decide for himself. By the same logic, never teach him the English language. Maybe when he is old enough he may want to speak Bantu.
  4. Praise him in his presence to all the neighbors; show how much smarter he is than the neighbors' children.
  5. Void the use of the word "wrong." It may develop in the child a "guilt complex." This will prepare him to believe that when he is punished later on for stealing cars or assaulting women that society is "against him" and that he is being "persecuted."
  6. Pick up everything after him: his shoes, his books, his clothes. Do everything for him, so that he will be experienced in throwing burdens on others.
  7. Let him read anything he wants. Have no concern whatever for what goes into his mind. Provide him with Lily cups for his tips, but let his brain drink out of any dirty container for words and ideas.
  8. Quarrel frequently in the presence of your children. In this way they will be prepared for broken homes later on.
  9. Give him all the spending money he wants, never let him earn his own.
  10. Satisfy every craving of the child for food, drinks, and everything that has to do with the sense of taste and touch, gratifying every sensual desire.
  11. Take his part against policemen, teachers and neighbors. They are all "prejudiced" against your child.
  12. When he gets into real trouble, always defend yourself and say, "I never could do anything with him."

**COAST MAN PILOT OF DOWNED JET**

Capt. Keith L. Trash, 35, of Bay St. Louis, was the pilot instructor aboard an Air Force RB-47 stratojet which Tuesday crashed into a mountain near Morrilton, Ark.

Capt. Trash, the son of Mrs. Ruth W. Luderbach, 207 St. Charles St., Bay St. Louis, and the other four crew members parachuted to safety.

Residents of Morrilton said the blast shook buildings and homes throughout the city, some 15 miles from the scene of the crash.

A spokesman at Little Rock AFB, where the six-engine jet was stationed, said the plane was on a training mission.

Other members of the crew were:

Capt. T. C. Miller, 42, the navigator, son of Mrs. E. L. Miller of Kent, Conn.

Capt. Welden A. Behrend, 38, student pilot, son of Mr. and Mrs. Ernest J. Behrend, San Angelo, Texas.

1st Lt. Robert B. Hetherington, 27, student pilot son of Mr. and Mrs. Charles Hetherington, College Park, Md.

Staff Sgt. Vernon Huddle, 26, the crew chief, son of Mr. and Mrs. Walter V. Huddle, Miami, Fla.

and school areas of safety. In school safety, teenage delegates recommended that more safety instruction be made available in elementary schools, a suggestion endorsed by the Miss. Highway Patrol which feels that safety education should start with the very young.

Another school safety recommendation called for all doors in school buildings to open to the outside, and not be locked during school hours.

State Superintendent of Education J. M. Tubb and A. B. Smith, director of school buildings and transportation for the Department of Education, said advisory chairman for the conference, both said the Bay St. Louis conference was successful and recommended that more officers for participating schools.

Tenage conference leaders were: Royce Gilmer, of Vicksburg High School; Betty Blum, of Vicksburg High School; and Carolyn Anderson, of Ripley and Bayport High Schools.

**WAVELAND**  
WANDERING  
by  
GEORGETTE B. HALL

The Town and Country Club met at the home of Mrs. Louis J. Moreau last Tuesday to celebrate the club's seventh anniversary. During the meeting officers for the coming year were elected.

Mrs. Leon Duplantier was elected the group's new president; Mrs. M. W. Glossinger, Jr., vice-president; Mrs. J. W. Wilkerson, Jr., secretary and publicity; Mrs. A. J. Butz, treasurer; and Mrs. L. A. Sauer, Jr. program chairman.

Guests for the meeting were Mrs. A. E. Voight and Mrs. A. M. Ancker.

Formal flower arrangements were presented by the ladies and first prize was won by Mrs. L. A. Sauer whose beautiful Easter arrangement won the compliments of everyone. Second place went to Mrs. A. J. Vitari and third place to Mrs. E. Gates. The attendance prize also was awarded to Mrs. Gates. It was announced that the next meeting of the group will be held on the fourth Tuesday of April at the home of Mrs. L. A. Sauer.

Following the meeting a social hour was enjoyed and refreshments were served.

Mrs. Frances de Valin is spending a while in her home on Oak Boulevard. She has also been a guest of Mr. and Mrs. Harold Hicks and family.

Mr. and Mrs. Ott Brockman and daughters of Hattiesburg, Mr. and Mrs. N. B. Hall and daughter, Miss Lynne Hall, and Mr. and Mrs. T. H. Brockman, Jr. of Pass Christian, enjoyed a delicious Easter dinner as guests of Mr. and Mrs. T. H. Brockman, Sr.

Dr. and Mrs. Urban Stork and daughter, Sarah, spent the Easter season in their attractive cottage, "Stork's Nest," on Beach Boulevard. They returned to their home in Indiana this week.

It is good to see Mr. Russell Alba looking so well and back at work. Best wishes for continued good health.

Mr. William Ruhr is enjoying good health again and is out among his friends. This column extends to him best wishes for the best of health all year long.

Mr. and Mrs. George Schroeder

As soon as your spring flowering shrubs are through blooming, get out your pruning shears. It's time to prune and shape them just as soon as the flowers fade. In this group of shrubs are Oriental magnolia, spires, flowering quince and forsythia.

Most shrubs are best if you prune and train them to a natural form. Leave all shrubs as natural looking as possible.

**BLACKENED FLUORESCENT TUBES**

Do you have a fixture in your home using fluorescent tubes? Have you noticed the tubes becoming blackened?

They do as they are used and usually rather uniformly the length of the tube. A dense blackening at either or both ends of the tube will tell you that the tube has about reached the end of its life. It should be replaced.

You may be turning the fixture on and off too much. Remember, the life of the tube is shortened from frequent switching on and off.

The starter may cause the tube to blacken. Replace it.

The blasts and/or voltage may also cause it. You will likely want to consult an electrician regarding these causes.

**PORK TOPS THE LIST**

Yes, pork is at the top of the list of plentiful foods for April. We have more pigs going to market this year. Last year we had enough pork for each person in the United States to have 61 pounds. This year we have enough for each of us to have 66 pounds.

Other foods in plentiful supply are eggs, broilers, milk and dairy products, cabbage, potatoes, celery, canned peas, lamb, honey, walnuts, California ardisines and dry beans.

**GREEN CABBAGE**

Check out the new green heads of cabbage in market. For \$1.00 a head you can buy a head of cabbage and get a good serving of greens.

Cabbage is Check full of vitamins C. It has vitamins A, B and Minerals too.

From one pound of cabbage you can get four or five servings of cooked vegetables. Buy a pound of cabbage gives you a good serving of greens.

## COUNTY AGENT'S NOTES

BY HOWARD F. BRADSHAW  
Hancock County Agent

## SPRAYING PASTURES

One of the best jobs you can do on permanent pastures in Hancock County is to spray them for weed control. This is a job on which you don't have to wait. On pastures where crimson clover, red clover or vetch are not growing, you can begin now.

On pastures where these clovers and legumes are growing, wait until they are mature before spraying.

One pound of amine 2,4-D in 10 to 20 gallons of water per acre, sprayed solid over the pasture will help control bitter weeds, goat weeds and many other weeds that come up in the spring. You can safely spray with a amine 2,4-D until cotton comes up.

Two of the hardest weeds to kill are cypress and mayweed. For mayweed it will take a pound and a half of 2,4-D sprayed in April or May.

For cypress weed you will need two and a half pounds of 2,4-D sprayed in May or June, or as soon as the plants come up and begin growing well.

Remember, weed control is one of the most valuable practices you can try out on your pasture this year.

## HOME GARDENING

This is big planting month in your home garden and this area is excellent for them. You can make a garden mean a lot or a little to you—it just depends on what you plant when you plant and how you plant.

Here are a few tips toward better gardening: Use a starter solution around plants when setting. You can make a starter solution by mixing one pound of a 5-10-5 or similar fertilizer in 5 gallons of water. Keep this mixture stirred and use a cupful of it around each plant.

Do you sometimes think your

## St. Clare's Altar Boys Enjoy Supper Thursday

The altar boys of St. Clare's Parish, Waveland, were honored at a supper last Thursday in the Parish Hall. Rev. Father M. J. Costello was also honored on the occasion of his birthday and his fortieth anniversary as pastor of the Parish. Members received gifts from the Holy Name Society.

Leaders of the altar boys who were honored with gifts for their untiring work and devotion to the organization were A. D. Aquin, Joseph Bourgeois, Larry Sauer and James Ferry.

Miss Cecile Turcotte gave some of the highlights in the growth and improvements of the Parish during the time Father Costello has served as pastor.

Mrs. Breland, assisted by Mrs. Ethel Garcia and Mrs. Clarence Randolph, were hostesses for the social hour.

Other altar boys present were Terrell Bourgeois, Bobby Brown, Jack deBlanc, Fred Bourgeois, J. D. Bourgeois, Wallace Bourgeois, Dennis Duplantier, Louis Ferrell, Geo. Hoffmann, Ronald Bourgeois, Eugene Ferry, Cuddie Bourgeois, Claude Garcia, Shelton Bourgeois, Henry Duplantier, and James Shippey.

additional assessment.

ORDERED AND Adjudged this

16th day of February, 1959.

JACK LOTT

President of the Board

ACCEPT BID OF HANCOCK

BANK

BE IT ORDERED by the Board

that the following bid appearing

to be the lowest and best bid,

is hereby accepted in the following

words and figures, to-wit:

The Honorable Board of

Supervisors

Hancock County

Bay St. Louis, Miss.

Gentlemen:

We respectfully submit herewith

our bid to act as County

Depository for Hancock County,

Mississippi for the year 1959.

We will qualify as said depository

by placing the proper securities

as required by statute

and maintain the various accounts

designated by you and will make

no charge for exchange or service

charge on any funds deposited.

Your kind consideration of this

bid will be appreciated.

Assuring you of our pleasure to

serve you at all times, we are

Very truly yours,

ROBERT L. HAMILTON

Vice President.

ADVERTISE FOR USED

GRADES

BE IT ORDERED by the Board

that the Clerk of this Board be

and he is hereby authorized and

directed to advertise for the use

of Districts One and Five, the

following:

One used or rebuilt pull type

grader, with tires and tubes on

front and rear wheels.

Said bids are to be filed with

the Clerk of the Board on or before

9:00 o'clock A. M., Monday,

March 16th, 1959.

The Board reserves the right to

reject any and all bids.

BE IT ORDERED by the Board

that the Board adjourn.

JACK LOTT

President.

CLEAN HIGHWAYS GOOD

ADVERTISING FOR ENTIRE

STATE

Arrival of the 1959 tourist season

and the generally increased travel

on our highways is giving new

emphasis to the importance of

neat, attractive roadways in

Mississippi. Various communities

are doing excellent work in the

matter of promoting roadside beautification

at the local level. Unwisely litter

not only tends to disgust tourists

and visitors but it can also hamper the

industrial development so vital to

Mississippi's future. Clean roadways

are pleasing to the eye, giving visitors

the impression that our people have

pride and that our communities are

good places in which to live, do business,

and raise families.

## On Cooking Meal

Mrs. Phyllis Hayes and Mrs. K. T. Breland, program leaders, gave a demonstration on "Cooking a Skillet Meal" at the table using small electric appliances at the Bay St. Louis Home Demonstration meeting held last Thursday at the Agricultural Center. Recipes for the menu were given to the members.

Mrs. Breland gave a demonstration on making tile trivets. The roll call was answered with "Short Cuts on Sewing" and final plans for the dress review scheduled for April 17 were discussed.

The educational topic for the month, "Operation Community Food Lift" was given by Mrs. Allie LaFrance.

Mrs. Breland, assisted by Mrs. Ethel Garcia and Mrs. Clarence Randolph, were hostesses for the social hour.

pages 565, 568.

## IN THE MATTER OF HOME-STEAD EXEMPTION CHARGES FOR YEAR 1959

There came before this Board the Matter of changing from the acceptance of the charges to an objection to the said charge of Treacy L. Moran for the year of 1956.

WHEREAS this Board at its July meeting either accepted or objected to the exemption charges for the year 1956, 1956 and 1957 as set out in Minute Book W at pages 280, 281 and 282, and

WHEREAS this Board doth now find that Treacy L. Moran was entitled to Homestead Exemption for the year 1956 and by these presents ask that the acceptance of said charge be reversed and said Treacy L. Moran be allowed Homestead Exemptions for the year 1956.

PHOTOSTAT BS 2's and SB 82's

BE IT ORDERED by the Board that the Clerk of this Board be and he is hereby authorized and directed to Photostat BS-2's and SB-82's.

ORDER OF THE BOARD OF SUPERVISORS

State of Mississippi

County of Hancock

IN THE MATTER OF ASSESSMENT ONELA NECAISE

This day came on for final hearing by this Board of Supervisors at its regular Feb. 1959, meeting, the matter of making an increase in the assessment of real estate assessed to said owner upon the 1958 Land Roll of said County, as fully approved, for the reason that:

A. Omitted from Land Roll.

And it affirmatively appearing to this Board

1. That the Clerk of this Board has given the required notice to said owner to the last known address, by mail, more than ten days before this meeting, as directed by the order of this Board; and who appeared and presented objections (or failed to appear).

OR

2. That the said owner has in writing, agreed to the increase, waived notice, entered appearance before this Board and requested that the assessment be made final.

B. Waived notice

And the Board having heard the evidence, and carefully considered the same, and being satisfied that the said assessment should be increased, as herein set forth.

The amount at page 373, line 27 1/2, be increased from \$0 to \$88, which property is not an exempt home.

C. being a total increase of the assessment on said roll of \$88; all said changes being for the year 1958.

IT IS FURTHER ORDERED that the Clerk of this Board is hereby directed and commanded to certify two copies of this to the State Tax Commission, as required by Section 9818, and upon the approval of the said order by this said Commission to make the proper change on the assessment roll, and to certify a copy to the Sheriff and Tax Collector of this County, who shall proceed to collect taxes on said property as thus assessed, as provided by law; and that the said sheriff be duly charged with

# SHARE in AMERICA with U.S. SAVINGS BONDS

ned, Jr.) and A. C. Mitchell, Clerk of the said Board, Mrs. Samantha Kellar, being absent and excused.

ACCEPT BIDS

WHEREAS, this Board at its January meeting received bids for furnishing to Hancock County, various items and materials and

WHEREAS some of these bids having been carried over from meeting to meeting and

WHEREAS some of these bids have been accepted in whole or in part, it is therefore

ORDERED by the Board that the Clerk of this Board be and he is hereby allowed to either type or photostat the acceptance of the following bids leaving out that portion of the following bids that have not been encircled, i. e., the Board doth accept that portion on some of these bids that is encircled, i. e. the bids of Bill Morreale, James Necaise, Jordan River Shipyard, T. E. Kellar and Sons, to-wit:

BE IT FURTHER ORDERED that the Clerk of this Board be and he is hereby authorized and directed to photostat BS 2's and SB 82's.

I hereby submit bids for furnishing and delivering to Hancock County Beat Five the following materials:

Wash Gravel, \$3.00 per yard

Clay Soil, \$0.06 per yd.

Dirt Fill, \$0.06 per yd.

Signed: Bill Morreale

Dear Gentlemen:

Please accept this as my bid for the following:

Clay Gravel @ \$2.25 per yd.

The above prices delivered anywhere in Hancock County.

Thanks for your consideration in this matter.

(s) James Necaise

To the Honorable Board of Supervisors: Hancock County, Miss.

## Gas Taxes Deductible On Income

With the approach of the April 15 deadline for Federal income tax returns, Mississippi car owners were reminded today that a large part of this gasoline tax they paid in 1958 is deductible.

The Mississippi Petroleum Assn. in issuing this reminder noted that Internal Revenue Service instructions specifically allow itemized deductions for gasoline taxes, auto license fees and state and local retail sales taxes. The added 3-cent federal gasoline tax, however, is not deductible.

Mississippi's state gasoline tax, now 7 cents a gallon, was the same in 1958, and cost motorists a total of \$41 million. In addition, you pay state and city sales tax of 1 cent per gallon on the pump price of the product which includes state and federal gasoline tax (tax on tax).

H. J. Nicholas, President of the Association, said that many car owners, in computing their gasoline tax deductions, may be surprised to discover how much they pay in gasoline taxes in the course of a year.

He noted that 870 gallons a year is the figure the U. S. Bureau of Public Roads gives as the average consumption of motor fuel per vehicle in Mississippi, but he pointed out that this is merely a guide and that individual gasoline tax deductions must be computed in terms of actual car usage and fuel consumption.

Nicholas offered as a further guide the following table, giving the cost of the Mississippi state gasoline tax, at 7 cents a gallon, and also the 3-cent federal tax—both figured on the basis of average car mileage of 14 miles to the gallon:

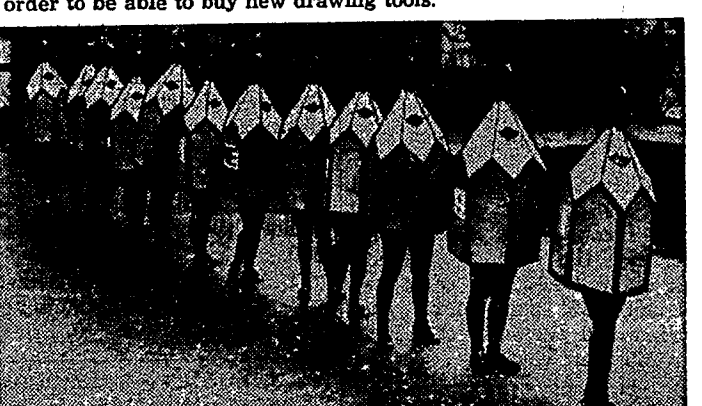

Miles Driven	State Gas Tax	Fed. Gas Tax	Total Gas Tax
5,000	\$25.00	10.71	35.71
6,000	30.00	12.86	42.86
7,000	35.00	15.00	50.00
8,000	40.00	17.14	57.14
9,000	45.00	19.29	64.29
10,000	50.00	21.43	71.43
11,000	55.00	23.57	78.57
12,000	60.00	25.71	85.71
13,000	65.00	27.86	92.86
14,000	70.00	30.00	100.00
15,000	75.00	32.14	107.14
16,000	80.00	34.29	114.29
17,000	85.00	36.43	121.43
18,000	90.00	38.57	128.57
19,000	95.00	40.71	135.71
20,000	100.00	42.86	142.86

\* Deductible State Tax computed on the basis of 7c rate and 14 miles to the gallon.

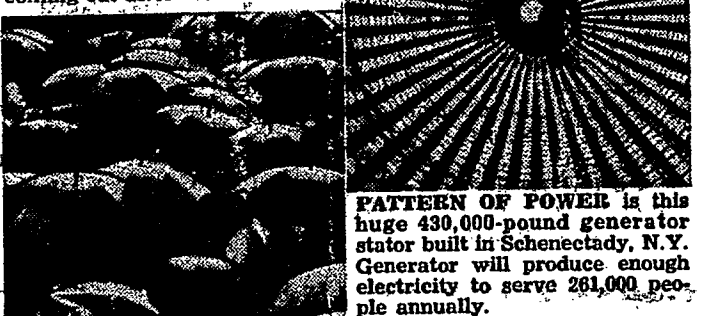

them all. Civil War history is enjoying a sudden new interest throughout the nation and Mississippi is a focal point of some of the greatest and most historic battles of that struggle.

## Patterns Shape News

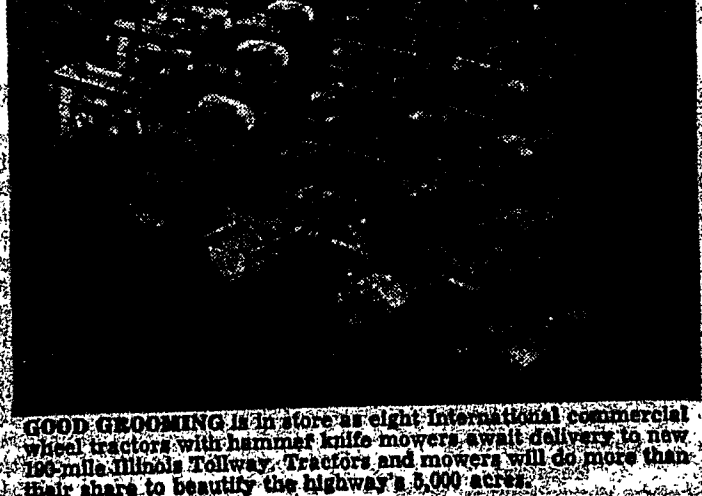

SHARP SALESMEN are these students of the Norwegian Art and Craft School in Oslo. They're costumed as pencils to advertise annual exhibit and remind public they must sell their works in order to be able to buy new drawing tools.

HUNDREDS HUDDLE under umbrellas as rain interrupts soccer match in Rome. Virtually hidden by their solid protective roof, the die-hard fans proved they weren't wet blankets by coming out after the shower.

PATTERN OF POWER in this huge 430,000-pound generator stator built in Schenectady, N.Y. Generator will produce enough electricity to serve 261,000 people annually.

GOOD GEOMETRY in store for eight international commercial wheel tractors with harvesters and mowers await delivery to new 100-mile Illinois Turnpike. Tractors and mowers will do more than their share to beautify the highway's 5,000 acres.

## INFORMATION FOR WOOL GROWERS

Chairman Fitzhugh Lee of the Hancock Agricultural Stabilization and Conservation County Office reminds wool producers to be sure that the sales documents they have received for selling wool during the past year contain all the information required under the wool incentive payment program.

It is particularly important, Mr. Lee says, that the sales documents show the true net sales proceeds including deductions made for freight and other marketing charges. The ASC county office where the program is administered has the authority to adjust sales proceeds when charges are not shown. Where false information is filed, both the producer and the wool buyer are subject to penalties.

Producers will be eligible for payment to be made this year under the 1958 program for wool and unshorn lambs marketed not later than March 31 this year. Later marketing will be eligible for payments under the 1959 program.

Applications for payment under the 1958 program must be filed not later than April 30 at the county office. This cut-off date is necessary to permit a final accurate calculation of the average price received by farmers for wool during the 1958 marketing year. When the average price received for shorn wool is known sometime this summer, the payment rate will be announced and payments will be made to growers.

## INFORMATION TO PARTICIPANTS OF MISS. SOIL BANK

Is your farm under a conservation reserve contract in the Soil Bank this year? If so, be sure to comply with any acreage allotments on the farm and also to observe your permitted acreage of Soil Bank base crops.

That is the reminder going out this week from the Hancock Agricultural Stabilization and Conservation County Office to all participants in the 1959 Soil Bank Program.

Generally speaking, the permitted acreage on a Soil Bank farm is the amount of land on which grains, oilseeds, and row crops may be produced. It consists of the historical acreage of such crops less the amount of land placed in the Conservation Reserve. A farmer who exceeds this permitted acreage or any acreage allotment on the farm may lose his annual rental payment and also be subjected to a civil penalty.

The ASC office points out that when all eligible cropland on a farm is in the Soil Bank, the permitted acreage is zero. The home garden area on such a farm may be used to produce crops for home use, for setting out forest trees or for non agricultural purposes, but production of a Soil Bank base crop on such acreage is a contract violation.

## BETTER BALANCING IN FARMING

Mississippi is developing a more diversified agriculture. Dairying, cattle raising, and poultry production are becoming increasingly important enterprises in the state's agriculture. Farm cash receipts from the sale of live stock and livestock products during the first nine months of 1958 totaled \$17,300,000. This better balance of enterprises gives added income and greater protection to farm income against crop failure and market disaster.

## LARGE TURNOUT EXPECTED AT MEC 10TH ANNIVERSARY

A large turnout from Hancock County to the Mississippi Economic Council's 10th anniversary meeting in Jackson on April 16-17 is expected, according to Joe B. Burrow of Bay St. Louis MEC area director.

"Those desiring tickets are asked to purchase them direct from the MEC's headquarters in Jackson," he said. "Tickets are required only to events involving meals."

"There is no registration fee, and the free registration badge is a memento to the two general morning sessions."

He said the format of each

## HELP STRENGTHEN AMERICA'S PEACE POWER

Each of us wants peace for his own precious reasons. But peace costs money. Money for strength to keep the peace. Money for science and education to make peace lasting. And money saved by individuals to keep our economy strong. Each Bond you buy helps provide this money—helps strengthen America's Peace Power. Are you buying enough?

day's program is similar, with morning sessions, three noon luncheons, and evening banquets.

Tickets to the noon luncheons are \$3.50 each, and \$4.50 each to the banquets. Checks should be made to the MEC. Tickets are available to all events, except the Hometown Development banquet on the 16th, which is sold out. Orders should indicate functions to attend.

The first day's general session will feature talks on communications, human relations, and a report by the president. At noon on the 1st day, there will be a luncheon for the ladies featuring Miss America; another luncheon with a panel discussing "Obstacles to Industrial Growth"; and another luncheon on "Outlook for Agriculture," featuring an address by Allan Kline. The Hometown Development banquet concludes the day.

The second day's program begins with the general session, covering the topics of population trends, energy requirements, and the MEC's long-range program. The ladies luncheon will feature an address by the president of the University of Alabama, Dr. Frank A. Rose, and a tour of the Avery Gardens and a Jackson home.

Another luncheon will feature a panel discussion on the state's water resources. Senator Barry Goldwater of Arizona will speak at the other luncheon on labor relations. An address by Congressman Walter Judd of Minnesota will be the highlight of the banquet on the 17th.

## OLD CAPITAL TAKING NEW LEASE ON LIFE

Mississippi's Old Capitol, commanding the city from atop LeFleur's Bluff for the last 126 years, soon will be a museum depicting the state's often-turbulent, often-sentimental history. Work has been underway less than a month. Renovation includes strengthening the building structurally, replacing the worn copper dome with copper sheathing, replacing worn brick and crumbling stone, and restoring the interior to the original splendor that brought an extra surge of pride into every Mississippian's heart.

Mississippi Forestry Commission has acquired at no cost to the U. S. Government, the helicopter pictured above. It is a model H-23A, and is the first to be licensed in Mississippi by the Federal Aviation Agency and placed in operation over South Mississippi during the weekend of April 28-29 is the first assignment.

uses are anticipated for the helicopter, for it can also be used for fire-fighting action fire line by carrying a

## Democrats Of Mississippi Announce Annual Convention

Officers and Members of the Executive Committee of the Democrats of Mississippi announced today that the Second Annual Convention and Banquet of the Democrats will be held in Jackson on April 23, 1959.

The convention will convene at the House of Representatives of the New Capitol at 3 p.m. on the afternoon of April 23 for the purpose of electing officers and transacting business brought before the convention. All Democrats between the ages of 18 and 39 are welcome and invited to attend the Convention and Banquet.

For Buford Ellington of the native of Holmes County, Mississippi will address the convention in the Victory Room of the Heidelberg Hotel at 8:00 p.m. on the 23rd. All ages are invited to attend the Banquet. Tickets are \$5.00 each and may be secured by writing Gary P. O. Box 411, Greenwood, Mississippi, enclosing \$5.00 ticket desired.

Reception honoring Governor Ellington will be held in the Rose Room of the Heidelberg from 8:30 p.m. on the 23rd. All are invited to attend the reception.

## SOIL CONSERVATION

HUGH SANFORD

There are certain principles to remember in deciding the amounts of fertilizer to apply to pastures. Nitrogen stimulates grasses more than it does legumes; if legumes are out growing the grass, add nitrogen; if grass is outgrowing legumes, hold off on nitrogen. Phosphate and potash stimulates growth of legumes more than it does the grass. By decreasing the amount of nitrogen and adding more phosphate and potash, the legumes will grow faster. The application of the correct amounts of phosphate and potash with a small amount of nitrogen to start the pastures off early, followed with top dressing of 30 to 40 pounds of nitrogen as needed, is highly favored as the best pasture fertilizer program.

The surest way to get the most out of every penny spent for fertilizer is to have the soil tested in order to use the correct amount of fertilizer. In doing this, you can get the correct amounts and apply when the plants need it most.

You can get the soil sample boxes from the Extension Service office. The Extension Service, or the Soil Conservation Service will assist you with your soil testing needs upon request.

This is what could happen to

HOME  
AGENT'S  
NOTESBy GLORIA CLAY  
Home Demonstration Agent  
Hancock County

Did you eat a good breakfast this morning? Hope you say "yes!" For we don't want you to be a "breakfast skipper." They are the people who rob themselves of alertness and efficiency during the late morning hours. They are the people who are wrong when they think doing without breakfast is a practical way to lose weight.

Start the day right. Take time to eat a good breakfast and encourage other members of your family to do so, too. Did you know one out of five children in this Nation go to school without a good breakfast. That is what nation wide survey showed.

FLUORESCENT LIGHTING  
TROUBLES

Is your home new? Then likely you have a lighting fixture using fluorescent tubes, possibly in the kitchen and utility room and as balance lighting in the living room. You were delighted with fluorescent lighting until the tubes start flickering, blinking or other trouble symptoms appeared. That's what they are—trouble symptoms. There are causes and you will be glad to know there are cures.

If the flickering is pronounced and irregular in a new tube, it should clear up after the tube is operated for a few times.

In a tube that has been used the starter might not be performing properly and will need to be replaced.

Flickering may suddenly develop in any tube and should clear up if turned off for a few seconds.

If a tube continues to flicker, replace it, but check further if the new tube flickers.

There are other possible causes that require the services of an electrician.

## FLOWERS FOR COLOR

Have you been thinking how you'd like to have some colorful flowers in your yard this year?

Maybe like those you saw in the seed catalogue or a magazine or on the seed packages at the store.

It's time to begin to turn this desire into reality. You can plant a number of hardy annuals now. They include cosmos, marigold, phlox, single petunia, salvia, xiphioid, morning glory, snapdragon and calliopsis.

Try a color scheme of annuals to make a showy display in your front yard. Plant others for cut flowers in the vegetable garden.

Make the flower bed at least 2 feet from the outermost spread of shrub branches. Remember, flower beds of annuals are best placed in front of shrubbery borders.

You will find annuals very useful if your home is new and you've not had a chance to get your shrubs set out and growing.

## BOOMING BROILER BUSINESS

Reports of prospective new processing plants for Mississippi broiler flocks attention again upon the tremendous growth of the industry in Mississippi during recent years. From a standing start a few years ago, about 90 million chicks were placed in broiler units in the State last year. Placements of chicks in 1958 were approximately 20 million above 1957 in the State.

Forest fires are particularly dangerous to timber during the latter part of March and the first part of April because winter burning conditions are still hanging on while at the same time, tender, succulent, easily damaged new growth is beginning.

The Mississippi Forestry Commission, therefore, suggests all citizens please refrain from all unnecessary burning and that they take complete precautions with any fire used.

A STATE COW SETS  
PRODUCTION RECORD

Mississippians take pride in the fact that a Monroe County cow has just established a new record in milk production. The new champ is five years old. This registered Holstein was milked twice daily for 328 days. She produced a total of 15,819 pounds of milk and 493 pounds of butterfat during the period according to official records kept. This top honor is further evidence of Mississippi's rapid progress in dairying and the high quality of animals being raised in our state.

Speakers For MEC's 10th Annual  
Meeting In Jackson April 16-17

Twenty of the personalities to appear on the Mississippi Economic Council-State Chamber of Commerce 10th anniversary meeting in Jackson on April 16-17 are shown above. The first ten persons shown, from left to right, have leading roles on the first day's program, while the others will appear on the 17th. The first general morning session, on the 16th, will feature Ben S. Gilmer, Atlanta, president of the Southern Bell Telephone & Telegraph Co., "Communications in the Space Age"; Russ M. Johnson, Jackson, president of the MEC, "Mississippians Engaged Constructively"; and Cloyd Steinmetz, Richmond, Reynolds Metals Co., "The Human Factor of 1959." Miss Mary Ann Mobley of Brandon, Mississippi, will speak to the ladies at a special luncheon. Another luncheon will feature the topic, "Obstacles to Industrial Growth." Panelists and their subjects are: Joe Culpepper, Kansas City, Spencer Chemical Co., "Attitudes Toward Business"; Palmer Hill, Natchez, Armstrong Tire & Rubber Co., "Workmen's Compensation"; C. R. Schaeffer, Pascagoula, Ingalls Shipbuilding Corp., "Training For Industrial Employment"; and Albert C. Preston, New York, General Electric Corp., "Taxation." Another luncheon on the 16th will feature Allan Kline, Western Springs, Illinois, former president of the American Farm Bureau Federation. His subject is "A Forward Look in Agriculture." The banquet on the first day will honor winners of the 1958 Mississippi Home Town Development Program, with awards to be presented

by Miss Mobley. Harold V. Miller, Nashville, Tennessee Planning Commission, will speak on "Planning Tomorrow's Community."

Appearing on the second morning's general session will be: Harless Branch, Atlanta, the Southern Company, "Energy Requirements for the Future"; Morris Lewis, Jr., Indianola, president-elect of the MEC, "The Next Ten Years"; and Dr. Earle Rauber, Atlanta, Federal Reserve Bank, "Population Trends." The ladies luncheon on the second day will feature an address by Dr. Frank A. Rose, Tuscaloosa, president of the University of Alabama, on "The Great Enterprise." A tour of the Avery Gardens and Jackson homes will also be given the ladies. "Development of Water Resources" will be the subject of another noon luncheon. Panelists and their subjects: William Lee Sanders, Columbus, Sanders Oil Co., "The Tombigbee Watershed"; Edward A. Khayat, Moss Point, Pascagoula-Moss Point Bank, "Coast and River Ports"; Vaughan Watkins, Jackson, Watkins, Pyle, Edwards and Ludlum, "The Pearl River Reservoir"; and Horace Lester, Jackson, Lester Engineering Co., "Other Watersheds and Work of the Mississippi River Commission." Another luncheon on the 17th will hear an address by Hon. Barry Goldwater, United States Senator from Arizona, on "Outlook in Labor Relations." He will be introduced by Senator J. O. Eastland of Mississippi. The concluding banquet will feature an address on "Space Age Politics" by Hon. Walter Judd, Member of Congress from Minnesota.

OVER TWO THOUSAND  
FOREST FIRES DURING  
1ST PART OF MARCH

Two thousand, one hundred seventy-nine forest fires during the first nineteen days of March have consumed valuable timber on 31,777 acres in the state's 70 protected counties. Thus Mississippi tree farmers, business men, industrial workers, merchants—in fact all of us collectively have suffered about a million dollar blow to our pocketbook in these 19 days because of the economic damage wrought in this unrelenting siege of man-caused destruction.

Following the pattern of previous years, about half of these

fires were caused by various combinations of carelessness in handling fire coupled with ignorance on its behavior or damage with another half by outright intentional incendiarism.

With a problem such as this to face it is small wonder that Mississippi timber growers insist upon an adequately staffed and equipped fire protection organization for they realize that the number of fires is being reduced but very slowly, while their growing timber is increasing in value.

Counties that have suffered particularly during the week ending Thursday, the 19th, when there were a total of 725 fires in the state which burned on the 15th and 8 fires, 384 acres burned on the 18th Lincoln County was severely singed on the 13th with 11 fires, 720 acres burned. Lincoln also suffered the largest fire of the week, 409 acres, on the same day.

Forest fires are particularly dangerous to timber during the latter part of March and the first part of April because winter burning conditions are still hanging on while at the same time, tender, succulent, easily damaged new growth is beginning.

The Mississippi Forestry Commission, therefore, suggests all citizens please refrain from all unnecessary burning and that they take complete precautions with any fire used.

Forest fires are particularly dangerous to timber during the latter part of March and the first part of April because winter burning conditions are still hanging on while at the same time, tender, succulent, easily damaged new growth is beginning.

MISSISSIPPI RANKS  
HIGH IN FOREST  
TREE PLANTING

Mississippi ranks high among the states of the Nation in forest tree planting for 1958 and ranked behind only Florida and Georgia in total acres of forest land planted with 132,781 acres, State Forester C. B. Martin said today. Seedlings planted were produced in nurseries of the Miss. Forestry Commission, U. S. Forestry Service, Tennessee Valley Authority and Industrial nurseries. These plantings represented an increase over 1957 of 53,554 acres which ranks Mississippi second only to Georgia in the increased planting of 1958 over 1957.

Marlin said that of the total plantings in Mississippi, 96 percent or 127,699 acres were on private land. Three-fourths of the private planting was done by small landowners and one-fourth by industrial owners.

The Mississippi Forestry Commission tree nursery production ranked the state sixth place among the states with an output of 71,280,000 seedlings. The Georgia Forestry Commission led with 145,858,000.

"This year, 1959, Miss. Forestry Commission production has jumped to 102,000,000," Marlin said.

"In spite of Mississippi's high ranking in tree planting activities, the job to be done is by no means nearing completion," he asserted, "it has only begun."

Marlin said that over four million acres of forest land in Mississippi need to be planted and at the present rate it would take more than 30 years to accomplish the job if conditions remained the same. He said this planting job should be accomplished in the next 10 years which would call for a continuously expanding tree planting program.

General Business Activity  
In Biloxi-Gulfport District

State College, Miss.—General business activity in the Biloxi-Gulfport district during January showed a 12 per cent increase over the same period in 1958, according to the recent issue of "The Mississippi Business Review."

The monthly publication of the Business Research Station at Miss. State University showed that activity throughout the district varied from a 14 per cent increase; Bay St. Louis, 13 per cent increase; and Piquemine, 4 per cent increase.

The district as a whole stood at 289 per cent of the 1947-49 average recorded on the station's index. By the same standard Biloxi showed 281 per cent; Bay St. Louis, 255 per cent; Pass Christian, 160 per cent; and Piquemine, 235 per cent.

GIRL SCOUT MOVEMENT  
OBSERVES 47TH ANNIVERSARY

Because the splendid organization is so important to our present future, Mississippi has a special interest in Girl Scout Week observed during March. Today, one of every seven girls in the age group of 7 to 17 is a Girl Scout. The group has a nationwide membership of more than three million. No movement has higher ideals or more practical objectives, and none consistently produces better results. Our State and nation owes much to the Girl Scouts and their leaders.

STATE FARMERS BREAK  
LAND FOR PLANTING

Mississippi farmers have taken full advantage of favorable weather to break land and prepare for planting the 1959 crops. Farmers are having their soil sampled and are buying seed and fertilizer. The favorable weather helps pastures to grow and fruit trees to bloom. Vegetable crops are growing faster. A few acres of early corn have been planted.

## NOTICE TO CREDITORS

No. 8102

Notice is hereby given that letters Testamentary on the estate of Mrs. Virginia Heath, deceased, were granted to the undersigned by the Chancery Court of Hancock County, Mississippi, on the 10th day of March, 1959, and all persons having claim against said estate are hereby notified to present their claims to the Clerk of said Court and to have them probated and allowed within six months from this date, failure to do so will bar the claim.

This the 10th day of March, 1959.
